Anatomy and Physiology are major courses with anything related to healthcare. Therefore, you should always use multiple resources in addition to the course materials. Here are some extra resources to break down tons of information:

Anatomy and Physiology Resource Sites - PSYCH-MENTAL HEALTH NP

Describe understanding of the anatomy and physiology of body systems and homeostasis for health. Describe understanding of the biophysical concepts and mechanisms involved in normal activities of living.

Describe understanding of the anatomy and physiology of ...

Anatomy, in layman terms, is the study of the relationship and structure of human body parts. In other words, it gives us a clear picture of each of the different body parts and they relate to other parts. Physiology, on the other hand, studies the whole body as a unit and the function of each part.
