A Client's Guide to Desk Studies. Desk Studies can often save money by identifying the likely ground conditions and the past history of the site and thereby enabling appropriate management of ground risks. This Client's Guide gives guidance on what Clients may reasonable expect the scope of a desk study and a walk-over survey to include, describes the Client's role in commissioning a desk study and disseminating the results and summaries the risks of omitting the procedure.

failure will bring into question the client's ability to procure and may lead to criminal prosecution, as (inter alia) the client may be perceived to have failed in his duty to employ organizations of sufficient competence3. This Guide has been written at the request of a group of clients, which approached the Temporary Works Forum.

Clients' guide to temporary works

A Client's Guide to Schema Therapy, written by David Bricker and Jeffrey Young, is an easy to absorb introduction to Schema Therapy. Life becomes easier when someone can show us the way. We will be taking every opportunity we can to share Schema Therapy resources we have found useful and which make the therapy more accessible (one of our goals at Secure Nest is to increase the accessibility of schema therapy to enrich client well-being).

A Client's Guide For How to Take Photographs of Art and Antiques to Send to An Appraiser A Note from the Co-Editor: As an appraiser, I frequently invite new clients to send me pictures of their items so I can review them in advance and better assist with designing an appraisal scope of work that is most appropriate to their needs.

A Client's Guide For How to Take Photographs of Art and

The client's goal is to develop the tools or make changes that allow them to lead a healthy life without therapy. This sets the expectation from the start that termination is a positive goal. It is also helpful to set a rough timeline for treatment. Doing so reinforces the idea that treatment is time-limited.
