Accountability The Law And The

Accountability describes a relationship between a duty holder and a person or organisation to whom a duty is owed. It describes the capacity to demand that a person or organisation give reasons to justify their behavior and the capacity to impose a sanction if they fail to give reasons, or if their performance is poor.

We Need Accountability Jurisprudence to Check Abuse of Law ...

Accountability refers to the processes, norms, and structures that hold the population and public officials legally responsible for their actions and that impose sanctions if they violate the law. Accountability is essential if systemic threats to the rule of law are to be corrected. This involves ensuring there are consequences for criminal behavior (which is addressed in Section 7.6 ); mechanisms to address impunity for past crimes; and horizontal accountability (state institutions ...

Accountability - Democratic and public accountability ...

The Accountability Mechanism’s efficacy, effectiveness, and legitimacy, in our view, depend significantly on the recognition of these asymmetries, and the guarantees of rules-based, impartial, and non-discriminatory administration of the process in a manner that enables Requesters to fully access information and meaningfully participate in the dispute resolution process to achieve a fair outcome or result.

---

The ‘New’ World Bank Accountability Mechanism ...

The General Data Protection Regulation (GDPR) integrates accountability as a principle which requires that organisations put in place appropriate technical and organisational measures and be able to demonstrate what they did and its effectiveness when requested. Organisations, and not Data Protection Authorities, must demonstrate that they are compliant with the law.

---

Accountability | European Data Protection Supervisor

Accountability is a real opportunity for you to show, and prove, how you respect people’s privacy. This can help you to develop and sustain people’s trust. Furthermore, if something does go wrong, then being able to show that you actively considered the risks and put in place measures and safeguards can help you provide mitigation against any potential enforcement action.
