Current extent and
trends of agroforestry in
the EU27. This report

Online Library
Agroforestry In
(updated in August
2016) is an output from
work-package 1 which
aims to understand the
context and extent of
agroforestry in Europe.
In an earlier report, den
Herder et al (2015)
reviewed literature
sources to provide a
preliminary estimate of
the extent of agroforestry
in Europe. That report
(which collected only

Online Library Agroforestry In Europe Current Status And Future Prospects 1st Edition

limited data from some countries) estimated that agroforestry extends to at least 10.6 million hectares in Europe.
