Microsoft Visual Studio Express is a set of integrated development environments (IDEs) developed by Microsoft as a freeware and registerware function-limited version of the non-free Microsoft Visual Studio. Express editions started with Visual Studio 2005. Visual Studio Express was supplanted by the Visual Studio Community edition, which is also available for free, but with a different license.

## **Microsoft Visual Studio Express - Wikipedia**

SQL Server 2005 Express is the database component of Microsoft's Express Suite of

# Online Library Beginning Visual Web Developer 2005 Express From Novice To

Professional. It is free of charge, inherits many (nonenterprise) features from SQL Server 2005, and comes complete with development and administration tools. As such, it is an ideal database for developers and administrators to use in prototype/evaluation projects.
