Focused on material culture, Bodies in Conflict revitalizes investigations into the physical and symbolic worlds of modern conflict and that have defined us as subjects through memory, imagination, culture and technology. The chapters in this book present an interdisciplinary approach which draws upon, but does not privilege archaeology, anthropology, military and cultural history, art history, cultural geography, and museum and heritage studies.

Conference entitled 'Bodies in Conflict: Corporeality, Materiality and Transformation in 20th Century War', Imperial War Museum, London, GB, 16/9/2006

~~Bodies in Conflict: Corporeality, Materiality and ...~~

The complexity of modern conflict demands a coherent, integrated, and sensitized hybrid approach which calls on different disciplines where they overlap in a shared common terrain - that of the materiality of conflict and its aftermath in relation to the human body. Bodies in Conflict brings together the diverse interests and expertise of a host of disciplines to create a new intellectual engagement with our corporeal nature in times of conflict.
