3D capabilities to their nonlinear editing (NLE) systems. Documentation and training materials have been notoriously lacking for these applications. Instant Boris Effects is a complete guide for novice and intermediate users of Boris Graffiti, FX, and Red applications. Beginning with an orientation to the user interface, readers learn how masks, splines, containers, and filters work. They'll learn how to apply Boris effects through their NLE, and the benefits of using them as stand-alone applications. The second section provides detailed, step-by-step instructions on building example effects that readers can incorporate into their own work - including rotoscoping effects, animating still images, text on a path, 3D extruded objects with media mapping, and clean chroma-key effects.

Kidnapped and transported to an unknown destination, Kate is used as a powerful mans secret toy. When he tires of her, she is drugged and taken back to her home. Neither the police nor her only family, her brother, Bryn, believed she was kidnapped and brought back to her flat. It just didnt make sense as Bryn had received photographs of her and her new husband honeymooning in Europe. Confused but determined to find her kidnappers and bring them to justice, she hires a private detective, Red, but he comes with baggage of his own, which he has to work through before he can help her.
