Behind every great ministry is a commitment to develop leaders. This groundbreaking book shows churches—regardless of their size or budget—how to make this a priority.

Training the next generation of leaders is crucial to spreading the gospel, yet most churches have no formal way of doing this. Why? Tight budgets, small staffs, and a lack of know-how are just a few reasons suggested by church consultants Aubrey Malphurs and William Mancini in this groundbreaking book. Building Leaders provides real-life examples of ways churches can unleash their true ministry potential by training staff members and laypeople to lead. With step-by-step instructions that can be applied to any church or parachurch ministry, Building Leaders shows readers how to: - empower, not just train, leaders - overcome obstacles to developing leaders - identify emerging leaders - use biblical models for training leaders - form a leadership training program to fit any size or budget Packed with surveys, discussion questions, and a leadership development guide, Building Leaders will encourage leaders to "duplicate themselves" in order to see their ministry grow. It is a perfect resource for ministry students, church leaders, and pastors.

Because church boards are often comprised of volunteers with little or no leadership training, this book offers workable strategies to train laypeople to successfully lead their churches.

This book will lower your excitement about religion but will intensify your pursuit to establish the kingdom here on earth. I never cease to be amazed at how so many who say they are followers of Jesus Christ can believe that Jesus has stopped forgiving, healing, and calling leaders into His vineyards when there is so much to do. This book is here to let everyone know that He (Jesus) has not returned yet, but His power still generates in those who have accepted Him as their Lord and savior and are willing to hold on to the faith. Leadership style does not mean that the agenda is different. Many leaders today are uncomfortable with the presence of another approach to ministry. It calls for us to observe that all the apostles had different styles in approaching situations and difficulties; yet, the ministry of Jesus was their priority alone. Leadership, just as everyone else, will have to make adjustments as long as leading is on the agenda and in process.

What does it mean to lead with vision? From LinkedIn Learning Expert, Bonnie Hagemann comes the first book devoted entirely to vision as a key leadership principle. Hagemann and her co-authors delve deeply into the notion that a compelling vision that motivates and inspires is a differentiator for organizations that want to hire and retain talent, be more competitive, and thrive in uncertain times. But a compelling vision on its own is not enough, which is why the authors, sought-after leadership development experts globally, provide readers with detailed analysis of the essential things leaders must do to effectively engage the workforce around that vision: embody courage, forge clarity, build connectedness, and shape culture. Leading with Vision draws on quantitative data from the authors' research of over 400 companies supplemented with real-world examples from thoughtful leaders who exemplify the core principles of leading with vision in established companies, including: Olukai, Bumble Bee, Coresystems, Jimbo's, Bunge, and more. The book also includes an actionable blueprint developed by the authors that leaders and their organizations can implement on day one of their journey.

The Dream Key: Defining Moments and Prophetic Encounters The Definition Key: Knowing Your Identity and Finding Your Voice The Development Key: Unlocking Your Potential for Positioning The Discipline Key: Knowing the Times and Seasons The Demonstration Key: Taking Dominion of Your Future The study of biblical, historical and contemporary leaders reveals the disturbing fact that few leaders finish well. Studies show that there are key barriers that can exist in the life of the leader that contribute to downfall and, if we desire to finish well, we must be aware of them. While leadership failure will continue to be a reality in our societies, there are key traits that we can identify and develop from those leaders who have finished well, who have left a legacy to contribute to the success of we who follow. Churches committed to following Christ's example want to see this world changed for the sake of eternity. While the supernatural component of making that happen goes without saying, how does a body of believers do its part to be in that "sweet spot" where true spiritual transformation can occur? In Transformational Church, bestselling research authors Thom S. Rainer and Ed Stetzer have surveyed fifty thousand down to five hundred congregations in search of the qualitative answer. Their book contains a wealth of indispensable new data, nuanced insights, and clear how-to guidance, all centered on this key finding: Transformational churches make disciples whose lives are being transformed by the gospel so that people engage the culture around them for its ultimate transformation. Deeply committed to the essential foundations of discipleship (worship, community, and mission), transformational churches practice their faith and make disciples through vibrant leadership, prayerful dependence upon God, and relational intentionality. And they do so paying mind to their unique context and with a missionary mindset. The most comprehensive study of the American church to date.
