Change your Brain - Change your Life! 'Change Your Brain - Change Your Life!' takes a broader perspective than Nathan's previous talks. This new discussion explores the inherent ability in everyone's brain to be able to change the 'wiring' of their brain and thereby improve their level of happiness, well-being and overall quality of life. Nathan's message is that we are not subject to the biology dictated by the brain, but rather, it's actually an interactive process ...

Change programs must account for the time, space, and resources people need to get their brains wired for the future state. Mental models are hardwired too. Contradictions to a mental model can be a major energy drain on the brain. Just like behaviors, a person's mental model, or way of thinking, is hardwired in their brain as well.
