His message is simple: The universe has intelligence, purpose, and order. By understanding its principles and applying them to ourselves, we can see who we are and what we truly want in life. Creative Mind was written as a simple guide for the many thousands who came to hear his words and wished to know more.

The time is at hand; we are in the greatest age of all history; we are in the age of the unifying of all people and all things into the "Ever Present One."
