Benaim's wit, empathy, and gift for language produce a work of endless wonder.

From one of the most-viewed spoken word poets of all time, a collection exploring loneliness, anxiety, and longing—and finding peace, and even joy, in unexpected places Sabrina Benaim, author of Depression & Other Magic Tricks, has connected deeply with readers and reached millions of viewers through her poetry, breaking down the stigma around mental illness. Now, she dives into challenging and universal territory: grief over a relationship's end, loneliness in a world under lockdown, and the anxiety of caring for a loved one from afar in the wake of a serious diagnosis. Unfurling over the course of one month in 2020, in seventy-five original poems, I Love You, Call Me Back grapples with mental health struggles and the uncertainty of the moment and beyond. In isolation, Sabrina dares to embrace loneliness in all its permutations: the sorrow of getting your mother's voicemail when you call to say "I love you"; the bitter-sweetness when your dog takes up your ex's side of the bed; the joys of eating ice cream for dinner and singing badly, loudly. In her raw and deeply relatable style, Sabrina reminds us to love our whole selves: you can't have joy without sorrow, and being anxious or depressed doesn't mean you can never be happy. In her words, "Sometimes self-care is just surviving." And that's okay. Sabrina shows us that there's beauty and courage in that, too.

Nothing is Okay is the second full-length poetry collection by Rachel Wiley, whose work simultaneously deconstructs the lies that we were taught about our bodies and our beings, and builds new ways of viewing ourselves. As she delves into queerness, feminism, fatness, dating, and race, Wiley molds these topics into a punching critique of culture and a celebration of self. A fat positive activist, Wiley's work soars and challenges the bounds of bodies and hearts, and the ways we carry them.

Blythe Baird's If My Body Could Speak is a celebration of girlhood and all of its struggles and triumphs. In poems that dig deep into sexuality, acceptance of the body, survival of trauma, and learning to love yourself in spite of everything telling you not to, Baird's voice is a rich addition to her generation. Searing, soaring, and heartbreaking, If My Body Could Speak balances the softness of femininity with the sharpness that girls are forced to become. Includes poems such as "Girl Code 101", "When the Fat Girl Gets Skinny", and "Pocket-Sized Feminism" that have been watched by millions online.

"When you're dumb enough for long enough, you're gonna meet someone too smart to love you, and they're gonna love you anyway, and it's gonna go so poorly," Neil Hilborn writes in his debut full-length collection, *OUR NUMBERED DAYS*. In 2013, Hilborn's poem "OCD" went viral, and has amassed over 11 million views to date. While this collection ruminates on love, heartbreak, and mental illness, these poems are anything but saccharine. Hilborn uses the same humor and self-deprecation that propelled "OCD" to success in order to make his unmatched vulnerability all the more powerful. Ultimately, Hilborn is a poet of the people: his work is accessible, honest, and entertaining; a revitalizing entry in contemporary poetry.

Helium is the debut poetry collection by internet phenom Rudy Francisco, whose work has defined poetry for a generation of new readers. Rudy's poems and quotes have been viewed and shared millions of times as he has traveled the country and the world performing for sell-out crowds. *Helium* is filled with work that is simultaneously personal and political, blending love poems, self-reflection, and biting cultural critique on class, race and gender into an unforgettable whole. Ultimately, Rudy's work rises above the chaos to offer a fresh and positive perspective of shared humanity and beauty.

Phil Kaye 's debut collection is a stunning tribute to growing up, and all of the challenges and celebrations of the passing of time, as jagged as it may be. Kaye takes the reader on a journey from a complex but iridescent childhood, drawing them into adolescence, and finally on to adulthood. There are first kisses, lost friendships, hair blowing in the wind while driving the vastness of an empty road, and the author positioned in the middle, trying to make sense of it all. Readers will find joy and vulnerability, in equal measure. *Date & Time* is a welcoming story, which freezes the calendar and allows us all to live in our best moments.

Swallowtail, a collection of poetry by Brenna Twohy is a deep dive into the dissection of popular culture, and how the brightness and horrors of it can be mirrors into the daily lived experiences of women in America.
