With the Garmin GFC 700, that vision is getting closer to reality. In the past, some GA aircraft have been equipped with rate-based autopilots, like the S-TEC 55X or the Bendix-King KAP 140. Some of these autopilots would allow the aircraft to fly standard-rate turns, hold altitudes, command wings-level, and even couple to instrument approaches, depending on the particular model. With the ...
