Manu was the first Hindu political philosopher who laid the foundations of India's political traditions in ancient India. Because if traditions begins with myth, Hindu mythology believes, all dynasties that ruled India owed their origin to the primaeval/primal king Manu. Manu was not only the first king of ancient India, he was also the first philosopher who codified the law and created a new Hindu social and political order.

Online Library Indian Political Tradition From Manu To Ambedkar 1st Edition

Revisiting the Political Thought of Ancient India: Pre-Kautilyan Arthashastra Tradition rediscovers the political ideas of the original and celebrated schools of thought in ancient India—early Arthashastra and Pre-Kautilyan traditions. This book throws light on hitherto not very well-known aspects of political ideas in ancient India, which flourished during the 5th and 4th centuries before Christ. Kautilya's Arthashastra is a major text on ancient Indian political thought, wherein he cited views of a number of Arthashastra teachers who had written on political science. Unfortunately, their writings are not available today; only their views are found scattered in different texts. This book brings together these views to prepare a coherent account of their political ideas and reconstructs the pre-Kautilyan Arthashastra tradition with the help of available sources.

Indian Political Thought: Themes and Thinkers covers all major Indian political thinkers from the ancient, through medieval to the modern times. Thus, this book provides an overview of the evolution of the Indian political thought through different historical periods, giving an insight into the sociological and political conditions of the times that shaped the Indian political thinking. It does not only talk about the lives and times of the thinkers, but also explores the important themes that formed the basis of their political ideologies. The chapters discuss the contributions of the thinkers and at the same time examine some important themes including the theory of state, civil rights, ideal polity, governance, nationalism,

Online Library Indian Political Tradition From Manu To Ambedkar 1st Edition

democracy, social issues like gender and caste, swaraj, satyagraha, liberalism, constitutionalism, Marxism, socialism and Gandhism. With a comprehensive coverage of both the thinkers and the themes of the Indian political thought, this book caters to needs of the undergraduate as well as the post graduate courses of all Indian universities. It is valuable also for UGC-NET and civil service examinations.

The Book Undertakes To Identity The Basic Structures Of The Classical Indian Political Theory And To Consolidate The Belief That India Could Very Legitimately Claim To Possess One Of The Oldest Traditions Of Political Thought In The World. The Book Relies On Primary Sanskrit Sources Like The Vedas, Dharmasutras, Dharmashastras The Two Epics The Manusmriti And The Arthashastra.

This is the first book to study taxation and revenue collection through a detailed analysis of public finance and financial administration in four major Indian texts, namely Mahabharata, Manusmriti, Shukranitisar and Arthashastra, as philosophers trained in the Indian classic tradition and scholars working on ancient Indian wisdom mostly prefer a more abstract approach. India has a long tradition of at least two millennia of active philosophizing in the fields of logic, ethics, epistemology and metaphysics, though many in the West feel hesitant in according it the title “philosophy” in their sense of the word. Furthermore, few in India have taken it beyond philosophy towards active knowledge. This book re-visits and re-interprets the contexts of these texts with logic and objectivity to bring the pearls of knowledge found within into the present day, showing that Sanskrit is still the lingua franca of intellectual dialogue in India.
