Jig and fixture design manual : Henriksen, Erik Karl, 1902 ...

designing a jig and fixture is by evaluation of its functional requirements in order to find the balanced combination of design characteristics at a reasonable cost. At this step, tool design process should be clearly state the problem to be solved and achieve as needed.

PAPER OPEN ACCESS Design and Analysis of Jigs and Fixtures ...

A fixture holds and position the work but does not guide the tool, whereas a jig holds, locates and as well as guide the tool. The fixtures are heavier in construction and are bolted rigidly on the machine table, whereas the jigs are made lighter for quicker handling and clamping with the table is often unnecessary.
