Dup? patru ani petrecu?i pe fronturile Primului R?zboi Mondial, Tom Sherbourne se intoarce in ?ara natal?, Australia, angaj?ndu-se paznic de far pe Ianus Rock. Izola?i de restul lumii, Tom ?i frumoasa lui so?ie, Isabel, ?ncearc? zadarnic s? devin? p?rin?i. C?nd orice speran?? p?rea pierdut?, pe ??rm e?ueaz? o barc? duc?nd un cadavru ?i un nou-n?scut. Tom ?i Isabel decid s? p?streze copilul, dar dup? doi ani, c?nd se intorc pe continent, descoper? ca hot?r?rea luat? le-a schimbat iremediabil destinele.

Tom Sherbourne is a young lighthouse keeper on a remote island off Western Australia, and lives there with his wife. One April morning a boat washes ashore carrying a dead man and an infant. Years later Tom and his wife discover the consequences of the decision they made that day - as the baby's real story unfolds.

'A novel set on a remote Australian island, where a childless couple live quietly running a lighthouse, until a boat carrying a baby washes ashore'--

'A wonderfully assured and utterly riveting biography that captures not only the much-maligned Machiavelli, but also the spirit of his time and place. A monumental achievement.' - Jessie Childs, author of God's Traitors. 'A notorious fiend', 'generally odious', 'he seems hideous, and so he is.' Thanks to the invidious reputation of his most famous work, The Prince, Niccolò Machiavelli exerts a unique hold over the popular imagination. But was Machiavelli as sinister as he is often thought to be? Might he not have been an infinitely more sympathetic figure, prone to political missteps, professional failures and personal dramas? Alexander Lee reveals the man behind the myth, following him from cradle to grave, from his father's penury and the abuse he suffered at a teacher's hands, to his marriage and his many affairs (with both men and women), to his political triumphs and, ultimately, his fall from grace and exile. In doing so, Lee uncovers hitherto unobserved connections between Machiavelli's life and thought. He also reveals the world through which Machiavelli moved: from the great halls of Renaissance Florence to the court of the Borgia pope, Alexander VI, from the dungeons of the Stinche prison to the Rucellai gardens, where he would begin work on some of his last great works. As much a portrait of an age as of a uniquely engaging man, Lee's gripping and definitive biography takes the reader into Machiavelli's world - and his work - more completely than ever before.

This book discusses water resources management in Romania from a hydrological perspective, presenting the latest research developments and state-of-the-art knowledge that can be applied to efficiently solve a variety of problems in integrated water resources management. It focuses on a wide range of water resources issues - from hydrology and water quantity, quality and supply to flood protection, hydrological hazards and ecosystems, and includes case studies from various watersheds in Romania. As such, the book appeals to researchers, practitioners and graduates as well as to anybody interested in water resources management.

In the prehistoric Copper Age, long before cities, writing, or the invention of the wheel, Old Europe was among the most culturally rich regions in the world. Its inhabitants lived in prosperous agricultural towns. The ubiquitous goddess figurines found in their houses and shrines have triggered intense debates about women's roles. The Lost World of Old Europe is the accompanying catalog for an exhibition at New York University's Institute for the Study of the Ancient World. This superb volume features essays by leading archaeologists as well as breathtaking color photographs cataloguing the objects, some illustrated here for the first time. The heart of Old Europe was in the lower Danube valley, in contemporary Bulgaria and Romania. Old European coppersmiths were the most advanced metal artisans in the world. Their intense interest in acquiring copper, Aegean shells, and other rare valuables gave rise to far-reaching trading networks. In their graves, the bodies of Old European chieftains were adorned with pounds of gold and copper ornaments. Their funerals were without parallel in the Near East or Egypt. The exhibition represents the first time these rare objects have appeared in the United States. An unparalleled introduction to Old Europe's cultural, technological, and artistic legacy, The Lost World of Old Europe includes essays by Douglass Bailey, John Chapman, Cornelia-Magda Lazarovici, Ioan Opris and Catalin Bem, Ernst Pernicka, Dragomir Nicolae Popovici, Michel S?féria?des, and Vladimir Slavchev.

Eva Trammel, plagued by her own insecurities, is drawn into an intense, obsessive relationship with the wealthy and arrogant Gideon Cross. "Gideon Cross came into my life like lightning in the darkness. He was beautiful and brilliant, jagged and white-hot. I was drawn to him as I'd never been to anyone in my life. I craved his touch like a drug, even knowing it would weaken me. I was flawed and damaged, and he opened those cracks in me so easily. Gideon knew. He had demons of his own. And we would become the mirrors that reflected each other's most private wounds and desires. The bonds of his love transformed me, even as I prayed that the torment of our pasts didn't tear us apart."--Back cover.

Adrift in the wake of her father's death, a failed marriage, and multiple miscarriages, Libby McKenzie feels truly alone. Though her new life as a wedding photographer provides a semblance of purpose, it's also a distraction from her profound pain.
