Insolent and defiant, the Chants de Maldoror, by the self-styled Comte de Lautr é amont (1846-70), depicts a sinister and sadistic world of unrestrained savagery and brutality. One of the earliest and most astonishing examples of surrealist writing, it follows the experiences of Maldoror, a master of disguises pursued by the police as the incarnation of evil, as he makes his way through a nightmarish realm of angels and gravediggers, hermaphrodites and prostitutes, lunatics and strange children. Delirious, erotic, blasphemous and grandiose by turns, this hallucinatory novel captured the imagination of artists and writers as diverse as Modigliani, Verlaine, Andr é Gide and Andr é Breton; it was hailed by the twentieth-century Surrealist movement as a formative and revelatory masterpiece.

Davie Jones—an ugly duckling growing up in small-town Mississippi with a mother who couldn't get any meaner—is positive her life couldn't be any worse. Just when she's resigned herself to her fate, she sees a movie that will change her life—Sixteen Candles. But in her case, life doesn't imitate art. Tormented in school and hopelessly in unrequited love with a handsome football player, Davie finds it bittersweet to dream of Molly Ringwald endings. When a cruel school prank goes too far, Davie leaves the life she knows and reinvents herself in the glittery world of Hollywood—as a beautiful and successful lounge singer. Just as she's about to ride off into the L.A. sunset, the past comes back with a vengeance, threatening to crush Davie's dreams—and break her heart again. With wholly original characters and a cinematic storyline, 32 Candles introduces Ernessa T. Carter, a new voice in fiction with smarts, attitude, and sassiness to spare.

Following the Pulitzer prize-winning collection Stag's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

From the bestselling 1001 series, comes a collection of 1001 quotations from numerous brilliant minds of the Ancient World through to the present day. When the CIA uncovers a Chinese plot to invade America, technologist David Manning is thrust into action. But as he and an elite group of US experts plan for war, David discovers that not every person among them intends for America to win. David Manning's work is routine. He is a technologist. A researcher, working for In-Q-Tel, the CIA's private equity firm. David's job is to learn about new technology that might have applications beneficial to the US military and intelligence communities. It is an office job, with little excitement. Until the day he is taken from outside his Northern Virginia home and blindfolded. Thrown into the cabin of an unmarked jet, without being told why. On that day, his life changed forever. Half a world away, on a remote tropical island, Lena Chou has plans for David. A beautiful and deadly government agent, Lena is gathering many such experts together. For a war is coming to American soil, and Lena's team will draw up the plans. Whether they want to or not...
