Markets, Hierarchies and Networks: The Coordination of ...
Markets, hierarchies, and networks are widely understood to be the three primary forms of social organization (see Powell 1990; Ronfeldt. 1996). Economic transactions occur in arm's-length markets between anomic buyers and sellers, hierarchically or dered corporations (Williamson 1975,1985), or networks.

Interorganizational networks generally have been discussed in the context of nonprofit agencies. Providing an alternative between the open market and the internalization of activity the network potentially may be even more important in business. This is especially true in international operations and in industrial and services marketing.
