were able to tame and ride dragons as beasts of war used them to burn their enemies and forge vast empires across the continents of Essos and Westeros. Tools and material you'll need 1 Craft Knife (X-Acto knife) 2 Scissors 3 White glue 4 12" Ruler 5 Color markers or pencils 6 Tweezers 7 Paint brush Useful tips - Completely read these instructions before cutting. Make sure you understood all instructions steps - Detach parts carefully as they are needed - Avoid over application of glue! This may cause paper to wrinkle. Use a paint brush to apply glue on parts - In some parts, you'll notice some white areas and yellow lines showing how pieces should line up when glued - When you cut paper, white edges will be apparent. Use a marker or pencil to color these edges, before gluing them - Mountain fold means printed surface should be on the outside - Valley fold means printed surface should be on the inside - When building, be sure the glue dries completely before proceeding to the next step - When joining opened parts, like partial cones and cylinders, start gluing two tabs. - - --- When completely dry, glue remaining tabs - There is an edge where you close the cylinder or cone. Let's call it the guide edge. - --- - Use this guide edge as an alignment mark when glueing one part to another. - Cut some stripes from textures file to hide some joints
