Amazon.com: ps3 replacement blu ray

Bear in mind you MUST CAREFULLY remove the chip attached to the currently installed Blu-Ray drive and re-attach it to the new unit. It really is a simple job, though, so don't be put off. There are only about 12 screws you have to unscrew to complete this job and 7 of them are on the outside of the case.

Sony PS3 Disc Drive Replacement: Amazon.co.uk: Electronics

You have to fit the old logic board from your original blu-ray drive as it is paired with the ps3's mainboard. And also you need to use the old metal shield from your original drive. The listing is quite clear about these things. I changed the drive over in about 20 minutes and my ps3 slim once again plays every disc just fine.
