For anyone who loved Susan Cain's Quiet, comes this practical manifesto sharing the joys of introversion... This clever and pithy book challenges introverts to take ownership of their personalities...with quiet strength. Sophia Dembling asserts that the introvert's lifestyle is not "wrong" or lacking, as society or extroverts would have us believe. Through a combination of personal insights and psychology, The Introvert's Way helps and encourages introverts to embrace their nature, to respect traits they may have been ashamed of and reframe them as assets. You're not shy; rather, you appreciate the joys of quiet. You're not antisocial; instead, you enjoy recharging through time alone. You're not unfriendly, but you do find more meaning in one-on-one connections than large gatherings. By honoring what makes them unique, this astute and inspiring book challenges introverts to "own" their introversion, igniting a quiet revolution that will change how they see themselves and how they engage with the world.

"Vivid and engaging."—Publishers Weekly, starred review Embrace the Power Inside You It's no wonder that introversion is making headlines—half of all Americans are introverts. But if that describes you—are you making the most of your inner strength? Psychologist and introvert Laurie Helgoe unveils the genius of introversion. Introverts gain energy and power through reflection and solitude. Our culture, however, is geared toward the extrovert. The pressure to get out there and get happier can lead people to think that an inward orientation is a problem instead of an opportunity. Helgoe shows that the exact opposite is true: introverts can capitalize on this inner source of power. Introvert Power is a blueprint for how introverts can take full advantage of this hidden strength in daily life. Revolutionary and invaluable, Introvert Power includes ideas for how introverts can learn to: •Claim private space •Bring a slower tempo into daily life •Deal effectively with parties, interruptions, and crowds Quiet is might. Solitude is strength. Introversion is power. "A modern-day Thoreau."—Stephen Bertman, author of The Eight Pillars of Greek Wisdom

Learn the tools to shed your mask of extroversion, develop your own magnetism, and reveal the true you. One third to one half of Americans are introverts in a culture that celebrates—even enforces—an ideal of extroversion and a cult of personality. Political leaders are charismatic, celebrities bask in the spotlight, and authority figures are assertive. It is no surprise that a "quiet revolution" has begun to emerge among the "invisible" half of the population, asserting that they are just as powerful in their own unique ways. The Irresistible Introvert embodies the spirit of this revival and breaks down the myth that charisma is reserved for extroverts only. This mini manifesto shows introverts how to master the art of quiet magnetism in a noisy world—no gregariousness required! Within these pages, you'll discover how to shed the mask of extroversion and reveal a more compelling (and authentic) you. You'll also learn how to: • Master the inner game of intrigue • Manage your energy for optimal engagement • Create an emotional ecosystem for charisma • Establish introverted intimacy • Cultivate communication skills for quiet types As a "professional" charismatic introvert, author Michaela Chung demonstrates that you no longer have to forcefully push yourself outward into the world against your nature, but can rather magnetize people inward toward the true you. In the process, you'll learn to embrace your "innie life" and discover potential you never knew you had.
