Follows the new NCLEX-RN(R) 2016 Test Plan Assure your mastery of maternal and newborn nursing knowledge while honing your critical-thinking and test-taking skills. An easy-to-follow format parallels the content of your course, topic by topic, resulting in maternal and newborn content made manageable. The 3rd Edition of this popular resource features approximately 1,300 multiple-choice and alternate-format questions that reflect the latest advances in maternal-newborn nursing and the latest NCLEX-RN(R) test plan. Rationales for both correct and incorrect answers as well as test-taking tips help you critically analyze the question types. You'll also find a wealth of alternate-format questions, including fill in the blank and select all that apply (SATA). See what students are saying online about the previous edition... Couldn't have gotten through without you! "This book was my lifeline. The way the questions are worded prepared me for how the tests were going to be and by studying the rationales as well. I was able to critically think through the questions I wasn't sure of. No lie, I wouldn't have made it through without this book and the peds one as well. One key advice, don't just ask and answer, really study the rationales because they are the key to the tests." Worth its weight in gold! "I am currently using this for my maternity rotation. If you need practice questions for exams, this is the book for you! My plan is to use the hard copy for the semester and the online questions for the final. I have an A so far because of this book!" 2 Books in 1! Q&A Course Review NCLEX® prep Master the fundamentals of nursing while developing your critical thinking and test-taking skills. More than 1,340 classroom-tested, NCLEX-style questions—including more than 440 alternate-item-format questions—reflect the latest advances in medical technology as well as the most recent guidelines and standards of care for nursing practice. An easy-to-follow format organizes information into 24 content areas. Each question provides answers and rationales for correct and incorrect responses and strategies for how to develop your critical-thinking skills. Redeem the Plus Code inside new, printed texts to access your DavisPlus online instructor and student resources, including your Davis Digital Version, your complete text online, as well as two, 75-question course exit exams. " I honestly feel that every incoming student nurse should have a copy of the Fundamentals Success book because it familiarizes students with what their fundamental tests will be like. Who wouldn't benefit from knowing what their test is going to look like? Being prepared with Fundamentals Success meant I hit the ground running. I aced my first test when most of my classmates were facing their first ever-academic failures. Nursing school is nothing like anything I have ever done before, memorizing text books will do little to prepare you to be a critical thinker. To succeed you must be able to apply the knowledge in multi-step process...the nursing process! The FA Davis books take you there and they do it quickly, because we nursing students needed to know it yesterday! " —Corrie Cyre, Hillsborough Community College Southshore, Student Nurses Association President

The comprehensive exam at the end of each chapter assesses your strengths and weaknesses, identifying areas for further study. Online at DavisPlus you'll find two, 75-question final exams. See what students are saying online about the previous edition... The med surg bible "Want do well in Med-Surg? BUY THIS BOOK. The rationales are great and so are the questions. Hundreds of questions per topic." This book saved my life! "After using this book to study for my next exam I was so happy to see that I got a 94%! That being said, I really recommend this book to anyone who is currently taking Med-surge, or preparing for the NCLEX -RN." A must for every student in the nursing field "I noticed that if you can answer the majority of those questions correctly, it will not only give you a better understanding of the topic, but YOU WILL PASS THE TEST in your class. Honestly, if you can only afford one extra book from your text book, this will be the one to take."
