Still Small Voice An Introduction To Pastoral Counselling ...

The still small voice. Unexpectedly, God spoke to Elijah in a " still small voice " (1 Kings 19:12, New King James Version, King James Version, Revised Standard Version). The New International Version translates it as a " gentle whisper, " and the Darby Translation, as a " soft gentle voice. " Elijah needed to learn what we must all learn.

A Still Small Voice Of Calm [PDF]

‘The Still Small Voice is written with simplicity and elegance by a pilgrim for pilgrims. It combines practical counsel with devotion, marrying a depth of Scriptural insight with the wisdom of the Holy Spirit. I found it an inspiring and encouraging read, bringing fresh and renewed light into my soul.

This best-selling volume has been fully revised and updated to take account of the latest thinking about the theory and practice of pastoral counselling. As reviews of the original edition demonstrate, this is a book that no Christian minister or lay counsellor can afford to be without. ‘Michael Jacobs has written a book which in terms of realistic and sound understanding, of sensitivity to the real needs of people, of a proper encouragement and humility, could not be improved upon. I can think of no better book to recommend to those who are beginning to take the counselling task seriously. They will be given an excellent grounding, and will be spared many obvious and less obvious pitfalls.’ Theology. ‘It is lucid, persuasive and practical, firmly insisting that all those who dare to help others must start by seeking to understand - and love - themselves. The illustrative dialogue and events scattered across the pages offer fresh insights into what must be familiar ground for many readers feeling alone in the pastoral work they do. The chapters on beliefs and values and on endings are particularly valuable.’ Epworth Review.

In A Still, Small Voice, famed psychic Echo Bodine turns to a subject she knows deeply and is passionate about: intuition. Using humorous anecdotes and a positive, readable style, this sequel to Echoes of the Soul explores what intuition is, where it’s located, what it sounds like, and how to cultivate it. The author, who comes from a family of psychics, exposes the various internalized voices that can mask one’s intuition. These include the voices of parents, grandparents, peers, therapists, significant others, religious figures, and society, along with emotions such as anger, fear, guilt, and despair. The book challenges the cliché that psychic abilities and intuition are the same, or that they are evil. One chapter is devoted to the many practical benefits that come from listening to intuition; another looks at the “faith-building times” in life and how to cope with others’ negative reactions to setting off on the spiritual path.

Short daily readings for the whole year. Short because sometimes it feels like the world is so crowded with words that it is difficult to focus on the Word. A book for those who feel themselves travelling at an increasingly frantic pace each day, and are hungry for snatches of nourishment to feed their souls.

Frank Brennan has been a long time advocate for human rights and social justice in Australia. This collection of essays brings together some of his major addresses and writings on justice in the Catholic Church and in Australian society. Placing the individual’s formed and informed conscience as the centre piece in any work for justice, he surveys recent developments in the Catholic Church including the handling of child sexual abuse claims and the uplifting effect of the papacy of Francis, the first Jesuit pope. He then applies Catholic social teaching and the jurisprudence of human rights to contested issues like the separation of powers and the right of religious freedom, and to the claims of diverse groups including Aborigines, asylum seekers, the dying, and same sex couples. At every step, he is there in the public square amplifying that still, small voice of conscience, especially the voice of those who are marginalised.

Simmons takes readers through the rubble of a broken life that was restored by grace.

I want to thank you for picking up my first book. I wrote this book to be simple and easy to read for all ages. It is actually a compilation of excerpts of messages The Lord has given me to preach throughout the years as well as a few special touches here and there. It ’ s been a real adventure for me and I pray that as you open these pages there ’ s not one day that goes by that you are not encouraged. My heart ’ s desire is that this book would be one of ENLIGHTENMENT through God ’ s Word, ENCOURAGEMENT and ENRICHMENT to know that If God can do it for others He can do it for you.

Father Groeschel, the highly respected author, psychologist, spiritual director and leader of renewal in the religious life, has written a brief but comprehensive practical guide for all those interested in private revelations, the reports of visions and other extraordinary religious phenomena that are so widespread in these times. Because of the intense interest in extraordinary religious experience that ranges from Medjugorje to the New Age, Groeschel’s book is an urgently needed resource that gives practical norms to everyone on how to evaluate these claims. Drawing on spiritual classics and Church documents not readily available, he summarizes the Church’s perennial wisdom on this topic. He also offers an alternative to unusual and extraordinary ways of knowing the things of God, which is a normal everyday opportunity open to all called “religious experience”—the action of grace operating in the context of a human life that can become a powerful source of virtue and holiness. Father Groeschel skillfully directs the reader to the humbler and safer path which discerns God’s presence in prayer, Scripture, the sacraments and love of neighbor. The great example of this path to holiness is St. Thérèse of Lisieux who, though having very few extraordinary experiences, was filled with a profound awareness of God’s presence and said, “To ecstasy, I prefer the monotony of sacrifice.”
