The Triumph Tiger 110 is a British sports motorcycle that Triumph first made at their Coventry factory between 1953 and 1961. The T110 was developed from the Triumph Thunderbird and first appeared in 1954. Although it was supposed to be the sports model of the Triumph range, the Tiger 110 was later fitted with the rear paneling that was introduced with Triumph's 350cc 3TA twin in 1959.
