Robert S. Feldman. First, I study lying in everyday life. In this research, I look at the ways in which people use lying strategically in their social interactions, and the consequences of this deception. Second, I am interested in understanding the factors that underlie and promote academic success in college students.

"14th edition of Understanding Psychology has relied heavily and benefited substantially from the advice of instructors and students from a wide range of backgrounds. Effective introduction to a discipline must be oriented to students informing them, engaging them, and exciting them about the field and helping them connect it to their worlds. All these goals are achieved in Understanding Psychology, 14/e"--

Connect complex psychological concepts to real life Understanding Psychology simplifies complex psychological concepts for students. The program's philosophy is to make psychology relevant, fun, interesting, and approachable. Understanding Psychology is an interactive book with hands-on activities, case studies, current issues, and readings about the field of psychology.

Students First. Essentials of Understanding Psychology is written around the philosophy that an effective textbook must be oriented to students: informing them, engaging them, exciting them about the field, and expanding their intellectual capabilities because when students understand psychology, they learn psychology. No matter what brings students into the introductory course and regardless of their initial motivation, Essentials of Understanding Psychology, Seventh Edition, draws students into the field and stimulates their thinking. This revision integrates a variety of elements that foster students' understanding of psychology and its impact on their everyday lives. It also provides instructors with a fully integrated supplements package to objectively gauge their students' mastery of psychology's key principles and concepts and to create dynamic lectures.

Your students are individuals. Do your teaching materials treat them that way? Feldman's Understanding Psychology does. From an adaptive diagnostic tool that provides a GPS for learning to a reader-friendly modular organisation, Feldman ensures that every student gains a better understanding of psychology. Its new groundbreaking adaptive diagnostic tool generates a personalised study plan to help students "know what they know" while guiding them to understand and learn what they don't know through engaging interactivities, exercises, and readings. The thoroughly revised Tenth Edition continues with Bob Feldman's accessible pedagogy, hallmark research, and focus on diversity in a flexible modules-within-chapters format.
